### To Whom It May Concern:

The Papillion Foundation has established itself as an organisation who is doing significant social upliftment and empowerment work amongst refugees, asylum seekers and indigent South Africans.

During the last two years, Lawyers for Human Rights has worked closely with Papillion to find durable solutions to socio-economic challenges that refugees and asylum seekers face in the Johannesburg area. In this regard, Papillion has made noteworthy progress in ensuring access to basic health care and employment opportunities for marginalised refugee communities.

We hereby express our support to the work of the Papillion Foundation.
